

Happy Thanksgiving

November begins the start of many festivities with family and friends. Many memories will be made that will remain in our hearts for years to come. We at Carver would like to wish all of our staff, students and families a wonderful Thanksgiving. We are blessed to have the opportunity to reach, teach and mold your students into lifelong learners where the sky is the limit. The staff appreciates your support with this task and always knows that you are welcomed at Carver.

I have been visiting classrooms to continue our discussions on Bullying. Students are signing anti-bullying pledges this month as well as participating in, “Meet A New Friend Day” at the end of the month. Students will be sharing lunch with a student they do not know from another team in their grade level. They are provided with questions to begin their conversations with one other and it is exciting to watch their interactions. Many new friendships were made last year when we did this and are still strong this year. We are always thankful for the friends we have in life and it is nice to add new friends to our list. This can be an uncomfortable feeling for many to meet someone new but once the conversation begins the anxiety dissipates.
